Creative Writing Course

Year 3 Creative Writing course will help your child become a successful writer from the early stages of education. Designed to cover the outcomes of the NSW syllabus, our Creative Writing course teaches students the essential writing skills such as grammar, spelling and writing text types, all of which will boost your child's confidence in writing.

This course exposes the students to narrative, descriptive, persuasive and explanatory writing, helping them to become aware of the features of these different text types. Students will learn how to use both figurative and descriptive language effectively and suitably for each text type. In addition, our Creative Writing course teaches students basic grammar, spelling and punctuation, all of which are essential to quality writing. Students will also be taught how to integrate their observations and learning into their writing through various writing practices.

By the end of the course, students will be able to express their creative ideas better by using language effectively and correctly

It will assist students with their individual performance in all written tasks in the classroom as well as formalised tests such as NAPLAN and UNSW competitions.
