## Selective Trial Test Course (STTC)

The Selective Trial Test Course (STTC) is a comprehensive programme designed for students to prepare them for the Selective High Schools Placement Test in March 2020. This excellent course brings us an outstanding success rate every year.

The Selective Trial Test Course (STTC) allows students to practise exam style questions under exam conditions. By sitting for STTC, students will systematically revise the entire course and be confidently prepared for the actual placement test. Students will examine trial test papers every week (General ability & Maths tests in one week, Reading, Vocabulary & Writing tests in another week), and the test reports will provide detailed information showing the student's mark and in which areas the students are weak or need more practice.

The STTC will help to manage the testing time efficiently, minimise errors, overcome examination nerves and perform at their optimum level. For more information, please read the 2019–2020 STTC newsletter at the office.

## Essay Writing Course (Sat. Tue. & Wednesday)

Year 5 Essay Writing Course will support students' development of technical and essay writing skills. It will cover areas including grammar, spelling and punctuation that pertain to specific text types as is required in the children's current English Curriculum.

The aim of this course is to target students' individual needs in writing, so they can become more confident, capable and proficient writers. It will assist students with their individual performance in all written tasks in the classroom as well as formalised tests such as selective high school placement test and independent school scholarship tests.
