## 2021 Year 8 Term 4 Elite EMS Course (02 Oct– 18 Dec)

Pre-Uni New College High School proudly announces the commencement of Year 8 Elite EMS (English, Maths and Science) Course in Term 4.

As the beginning of Year 9 approaches, Pre-Uni New College believes it is important to expose you to topics in advance to ensure you stay one term ahead of school. We provide detailed material and comprehensive feedback to facilitate preparation and skills in all areas of your education. This will help to build your confidence as you prepare for your school exams. STEM subjects (Science, Technology, Engineering, Math) are becoming increasingly popular, shaping students' analytical and creative thinking. This is why we believe our accelerated 5 Week Science course is an essential addition to your child's learning, ensuring they build a robust foundation in preparation for senior High school.

During high school, students become more vulnerable to ineffective study habits in the absence of continued guidance and coaching. Our years of successful results clearly indicate that Pre-Uni New College has the best academic formula to help your child overcome these issues.

### Pre-Uni New College Academic Key Dates

**August 28 – September 4**  
Term 3 Test period

**September 18**

\*Due to the ongoing COVID Pandemic and NSW restrictions, we have made the appropriate arrangements to shift our classes to **live online lessons**. While it is our hope that we can commence face to face learning for Term 4, the health and safety of our students and staff is our utmost priority.

\* *Class Schedule is Subject to Change*

## Our Learning System

The key to our continuing academic success begins with maximum exposure to advanced course materials for our students. Our workbook materials allow students to practice the techniques and methods they have learnt at Pre-Uni New College to tackle both assignment and exam-style questions. Along with the lessons and tutorials, we offer free tutoring services to ensure that students receive the best support they need to confront the areas that they find particularly challenging. Extra academic assistance will make a big difference in the overall academic performance and work ethic of students.

**By attending our Term 4 courses, you will benefit from...**

- ✓ **\*Free Tutorial class** (1 hour tutorial session after the lesson to complement and reinforce the content)
- ✓ **Unlimited 1 to 1 Tutorial** (30 minutes - Face to Face session or Online session by Zoom)
- ✓ **Free Video Lessons on**  **cyberschool**  
online education website

**\*Face-to-Face class only.**

During tutorials, your child will be assigned to one of our experienced and knowledgeable tutors who will help enhance their skills in critical thinking and problem solving. Tutors will also be available to assist in tasks including but not limited to:

- Clarifying unclear and confusing concepts taught in class
- Detailed working out on classwork, homework or quiz questions that your child finds challenging.
- Essential study and exam strategies
- Critical feedback and guidance on areas that need improvement

---

Cyberschool also provides Video Lessons (Lesson and Workbook) to students who enrol in the Elite EM Course. In these video lessons, every question in their English and Mathematics book is explained audibly and visually. Students who are struggling and wish to review recent modules can access these online lessons to reinforce unclear concepts or questions.
