

2026 Year 9 Term 3 Mathematics Course (18 July – 27 September)

As the end of the year approaches, it's time to think about secondary learning. Pre-Uni New College believes it is important to expose you to topics in advance to ensure you are one term ahead of your school and your peers. We provide comprehensive material and supportive feedback to facilitate preparation and development of skills in all areas of your education. This will help build confidence as you prepare for your school exams.

During high school, students become more susceptible to inefficient study habits because of the absence of continued guidance and coaching. Our years of successful results clearly indicate that Pre-Uni New College has the best academic formula to help your child overcome these issues.

What Makes Us Different?

Pre-Uni New College Academic Key Dates

05 July
Term 2 Ends

27 June
E.B Due Date for
2026 Winter Holiday

06 July
E.B Due Date for 2026 Term 3

06 Jul – 17 Jul
Winter Holiday Courses
Period

18 July
Term 3 Commences

05 Sep – 11 Sep
Term 3 Term Test Period

27 September
Term 3 Courses End

Notes

- Equipment
Students **MUST** bring their own scientific calculator to EVERY Maths class.

Our Learning System

The key to our continuing academic success begins with maximum exposure to advanced course materials for our students. Our workbook materials allow students to practice the techniques and methods they have learnt at Pre-Uni New College to tackle both assignment and exam-style questions. Along with the lessons and tutorials, **we offer additional free academic support** to ensure that students receive the best support they need to confront the areas that they find particularly challenging. Extra academic assistance will make a big difference in the overall academic performance and work ethic of students.

- ✓ **Weekly English Homework Marking**
 - ✓ **Maths Homework – Tutorial Video & Answers in Cyberschool**
 - ✓ **1 to 1 Tutorial (30 minutes, F2F or Online / twice per term)**
- Booking is required, please email to highschool@newcollege.com.au**

Homework Marking

We provide weekly homework marking (self-marking for Maths) & video lesson service that provides an opportunity for review and reinforcement of skills that have been mastered and encourages practicing skills that are not. Homework also is an opportunity for children to learn self-discipline and organizational skills and to take responsibility for their own learning.

We encourage parents to regularly check homework progress with their child. A quick conversation about what they found challenging can be very helpful in identifying ongoing weaknesses or areas of struggle early.

1:1 Tutoring (Booking is required)

These sessions are ideal for revising difficult topics and addressing individual learning needs. We strongly encourage families to book in and make full use of this support. Both face-to-face and online options are available.

During the session your child will be assigned to one of our experienced tutors with high academic achievements who will help enhance their skills in critical thinking and problem solving. Tutors will also be available to assist in tasks including but not limited to:

- Clarifying unclear and confusing concepts taught in class
- Detailed working out on classwork, homework or quiz questions that your child finds challenging.
- Essential study and exam strategies
- Critical feedback and guidance on areas that need improvement
