Who should join this course?

Students preparing to transfer to a Selective High School entry in their Year 8+ The test is designed for stage 4 students and is suitable for year 7 & 8 students.

Do I need to train for the Selective Transfer Test?

Yes! Even high-achieving students stumble at the test. Some students with perfect Year 7-8 results have missed out on a test due to their skills in certain areas. Research shows training can significantly improve test scores by familiarising you with the types of questions that will be asked in the Selective Transfer Test and developing strategies to tackle them.
