Stage 4 Winter Holiday 5 Days Intensive Courses

"Developing the Critical Skills required for Higher Learning"

The fundamental logic behind these Winter Holiday Workshops is to provide students with opportunities to develop and enhance the integral skills required for success in Highschool. The workshops will also allow students to clear any doubts from previous term topics and get ahead for the upcoming terms in school.

Stage 4 English & Writing Skills (13th - 17th July)

This intensive English & Writing skills class will focus on the building blocks of creative writing, guiding students to study key concepts in narrative structure, plot and character. This workshop will allow students to develop their confidence and ensure that they are well prepared for future exams and assessments.

Stage 4 Intensive Mathematics (13th - 17th July)

This Intensive Mathematics class will focus on building student confidence and expertise in mathematics. Classes will be geared to minimise student dependency on calculators which will facilitate faster mental problem solving. These masterclasses will also have a strong focus on practice, accuracy and speed. The topics can be found in the table below.
