Term 1 WEMT course for 2027 will commence on Saturday, 23 January!

Year 2 Term 1 (2027) WEMT course has been carefully designed to help students meet the academic expectations of their year level while building a strong foundation for future success.

By attending the course, students will strengthen their core skills and gain an academic advantage by staying ahead of the school curriculum. In addition, students will be introduced to our **new Thinking Skills modules**, which are designed to develop problem-solving, reasoning, and critical thinking skills essential for future assessments, such as NAPLAN and OC placement tests.

The course will also place a strong emphasis on improving reading comprehension, numeracy, and writing skills, helping students achieve strong results at school and prepare effectively for the 2028 NAPLAN tests.

Why Choose the WEMT Course?

- **Targeted Skills:** Strengthen reading, writing, mathematics, and thinking skills while building confidence and academic readiness.
- **Engaging Lessons:** Interactive activities and problem-solving tasks that make learning effective and enjoyable.
- **Supportive Environment:** A positive classroom where students build confidence, ask questions, and develop critical thinking skills.

Year 2 WEMT Course

The Year 2 WEMT course is designed for motivated students who are ready to extend their learning and develop advanced skills in Writing, English, Mathematics, and Thinking Skills. The course provides a challenging yet supportive learning environment that encourages students to build confidence, strengthen core academic foundations, and develop effective study habits from an early stage.

Through structured weekly lessons, homework, and revision activities, students will consolidate essential literacy and numeracy skills while progressing beyond the standard school curriculum. This early exposure to advanced concepts allows students to stay ahead academically and approach new challenges with greater confidence.

The course also focuses on developing higher-order **thinking skills**, including problem-solving and critical thinking. These skills are important for success in future assessments such as the Opportunity Class (OC) and other selective-entry exams.

By participating in the Year 2 WEMT course, students will build a strong foundation for future learning, improve their academic performance across key subject areas, and develop the confidence and skills needed to excel in their later primary school years.

What the WEMT Course Covers:

☑ **Writing**: Develop clear, well-structured writing while enhancing critical thinking and reasoning skills.

☑ **English**: Build strong reading skills through comprehension exercises and question practice.

☑ **Mathematics**: Gain solid understanding of mathematical concepts, and problem-solving techniques.

☑ **Thinking Skills**: Engaging activities designed to strengthen problem-solving and critical thinking skills.
