Term 1 course for 2027 will commence on Saturday, 23 January!

Year 3 Term 1 (2027) courses are carefully designed to help students meet the high academic standards required for both NAPLAN and the 2028 Opportunity Class (OC) Placement Test.

This term, Year 3 students will gain access to our **new NAPLAN Trial Test Course (NTTC),** specifically designed to help students develop effective test-taking strategies, manage their time efficiently, minimise errors, and perform at their best in the 2027 NAPLAN assessments.

Throughout the term, students will participate in a rigorous and engaging curriculum that strengthens essential skills in reading, writing, mathematical reasoning, and critical thinking. Each lesson is structured to build knowledge and confidence progressively, ensuring students can apply these skills effectively under examination conditions. This targeted approach supports students in achieving and maintaining high levels of performance at school while preparing them for future academic challenges.

Please refer to the updated course timetable below.

Year 3 WEMT Course

The Year 3 WEMT course introduces a range of new modules aligned with the updated curriculum. Students will be expected to commit to completing weekly modules to build a strong academic foundation in preparation for the 2027 NAPLAN and the 2028 Opportunity Class (OC) Placement Test. Please review the updated WEMT timetable below.

- **Writing** module focuses on developing effective writing structures while strengthening students' critical thinking, reasoning, and analytical skills.
- **English** module is designed to enhance reading proficiency through targeted comprehension activities, vocabulary development, and multiple-choice question practice.
- **Mathematics** module provides students with a thorough understanding of key mathematical concepts, principles, and formulas, enabling them to apply their knowledge confidently when solving a variety of problems.
- **Thinking Skills** module challenges students with engaging and stimulating problem-solving activities that promote logical reasoning, critical thinking, and intellectual curiosity. Through a variety of puzzles, patterns, and analytical tasks, students learn to think strategically, evaluate information, and identify relationships.
