2027 Year 6 Summer Writing for Selective

Build Confidence and Excel in Selective Writing!

The Writing Test is an essential component of the Selective School Exam and carries the same importance as the other exam sections. To help students maximise their performance, our 5-day Writing for Selective Course provides focused preparation across a wide range of writing forms commonly encountered in selective school exam.

Students will learn the key structures, language features and techniques required for each writing style, then apply their knowledge through computer-based testing practice tasks and guided reviews. This structured approach helps students develop confidence, improve writing fluency and become familiar with exam conditions.
