OC Trial Test Course (OCTTC)

The OC Trial Test Course (OCTTC) is a comprehensive program designed for Year 4 students to prepare them for the 2022 OC Placement Test.

The course consists of different types of questions and reflects the format, timing and conditions of the actual exam. It will help your child to manage his or her time efficiently, minimise errors, overcome exam nerves and perform at his or her optimum level.

Students will attempt the 'paper-based' trial tests each week and review the questions with teachers/tutors, putting more focus on difficult questions. Students' test results will be available on Cyberschool right after each session. For more information, please read the 2022 OCTTC newsletter.

Guide to Cyberschool Services

Cyberschool is a special e-learning website hosted by Pre-Uni New College. It provides the extensive educational services to help students revise their entire work during the course period. Please utilise all available services it provides and maximise the learning outcome. Services vary depending on the course and each service is open for the specific period.

OC Practice Question

OCTTC students can access the reading, mathematical reasoning and thinking skills practice questions on a weekly basis. You can find them from 'Online Test' menu under **'My Test'** in the navigation bar. Please complete all available practice questions by the end of the term.

OCTTC Review

OCTTC review menu allows students to review up to ten (10) questions they got wrong in the recent OCTTC mathematical reasoning and thinking skills tests. They can try them again at their own pace and analyse their mistakes. You can find the OCTTC Review page under **'Test Review'** menu at the navigation bar.

My Result

All your test results including practice tests and OCTTC are available to check from the My result page under **'My Page'** menu during the course period. Click on your scores to access the detailed test reports. Click on the correct answer to review the question.

G.A Practice for Scholarship Test

The 'GA Practice for Scholarship Test' menu is designed for students who want to build a solid foundation for general ability skills, especially for the preparation of the AAS, ACER or Edutest private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. The course covers both verbal and non-verbal reasoning skill and each section is categorised into a comprehensive number of question types. By taking this course, students can study of almost all possible question types and complete a variety of practical, challenging and mind-stimulating questions. Students currently taking our regular term course in NSW can take this course for free until the next term begins.

Reading 310 Test

The 'Reading 310' menu is designed for Years 3 to 6 students to help them enhance their reading comprehension skills for the preparation of selection tests like OC, selective school placement and private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. Each test contains a comprehensive number of reading questions covering inference skills for reading with short passage, true/false, gapped texts etc. Students can log in to Cyberschool and attempt up to 10 tests during the term. By completing this course, students will be able to complete a thorough study of important question types and complete a variety of challenging reading skill questions.
