Year 5 Term 2 course will commence on **Saturday, 23rd April 2022.**

Term 2 courses are structured to accommodate the academic standards expected of students who are aiming for the selective high school placement and independent school scholarship. In addition to having the advantage of getting ahead. We will put more focus on improving their writing and thinking skills as well as reading comprehension and mathematical reasoning skills.

Please check out the term 2 course timetable below.

Year 5 Term 2 Standard Course (face-to-face learning)

Course	Session	Class Time	Class Location
Year 5 WEMT	Saturday AM	8:30am – 12:45pm	Strathfield Head Office
	Saturday PM	1:20pm – 5:35pm	
	Sunday AM	8:30am – 12:45pm	Strathfield Centre (8 Lyons Street)
	Sunday PM	1:00pm – 5:15pm	
	Tue – Friday	4:20pm – 8:35pm	Strathfield Head Office

- Due to the limited capacity in each class, attending another class to make up the missed class will not be allowed.
- From Term 2, Year 5 Saturday classes will be held at Strathfield Head Office.** The location may be subject to change depending on the number of available classrooms.
- All class activities will be in line with NSW Health guidelines as applicable and follow good hygiene practices including strict drop off & pick up procedures, limitation of class size.
- PLEASE NOTE:** If there is a situation where we're required to cease face-to-face class learning operations due to public health orders and restrictions, EMG course lessons will be delivered online. The course fee and timetable will remain the same, and students will take the course at home via Zoom and Cyberschool.

Year 5 WEMT Course

Year 5 WEMT course is introducing the new modules with its updated curriculum. It requires a significant commitment of weekly module work that includes a new thinking skills component to help students build a solid foundation for the 2023 selective school placement test.

The **writing** module teaches students the most efficient ways in organising writing structure with a focus on developing critical thinking and reasoning skills. **English** lesson will focus on reading skills and practising reading comprehension and multiple-choice questions. **Mathematics** lessons are essential for students to thoroughly understand mathematical theories, principles and formulas to solve problems. **Thinking skills** lesson covers a variety of practical, challenging and mind-stimulating questions in problem solving and critical thinking skills.

The course is delivered in three different ways:

1. **Standard WEMT** in a normal face-to-face class learning or
2. **Standard WEMT** live online lesson on Sat PM, Sun PM or Tue PM via zoom in their home or
3. **Cyber WEMT** using the Cyberschool video lessons in their home

Guide to Cyberschool Services

Cyberschool is a special e-learning website hosted by Pre-Uni New College. It provides the extensive educational services to help students revise their entire work during the course period. Please utilise all available services it provides and maximise the learning outcome. Services vary depending on the course and each service is open for the specific period.

Module Answers

Each week's WEMT module answers are uploaded on Saturday and available until the last day of the next school holiday. You can find them under **'Material'** menu at the top navigation bar. Please use the module answers after you made the first attempt to finish your homework module questions.

Video Lessons

Every question in the main WEMT textbook is explained audibly in the video lessons. Click **'Video Lesson'** menu at the top navigation bar and watch the lessons to review recent modules and reinforce concepts. Please note that each video lesson is available for the next three (3) weeks after it is uploaded on Saturday.

S.O.Q

The S.O.Q (Special Online Quiz) is a series of quiz to measure students' understanding of the module topics taught. You can find the S.O.Q under **'My Test'** menu at the top navigation bar. Four (4) quizzes open in Week 2, 4, 6 and 8 of the term. Each subject contains 10 questions, so it shouldn't take too much time. If you feel confident about the module contents, it's a good idea to impose a time limit (1 minute per question) when completing the quizzes.

Vocabulary Test

Cyberschool is offering the weekly vocabulary tests during the term. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Building a strong vocabulary is critical as it improves all areas of communication. Students with high vocabulary skills tend to have high comprehension scores in English and thinking skills tests.

Supplementary Maths Homework

Year 5 WEMT students can access the Supplementary Maths homework questions on a weekly basis. You can find them from 'Online Test' menu under **'My Test'** in the navigation bar.

Maths & Thinking Skills Homework

Years 3–5 WEMT students can access the mathematical reasoning and thinking skills homework questions on a weekly basis. You can find them from 'Online Test' menu under 'My Test' in the navigation bar. Building a strong foundation in these skills is vital as it leads them to succeed in future selection tests – OC and selective high school placement tests. Please complete all available practice questions by the end of the term.

Year 5 WEMT Rewriting

To support Year 5 WEMT students' writing activities more efficiently, Cyberschool provides the 'WEMT Writing' menu that allows them to submit their writing homework again for teacher's marking. Students learn how to complete the given writing module during writing (odd) weeks and submit the completed writing for teacher's marking. During the **lesson (even) week**, teacher will discuss more in-depth using the review module. Students then try again (**rewriting**) with the same task to get the 2nd feedback from their teacher for further improvement. To submit your writing, click 'My Test' menu at the navigation bar and go to 'Online Test' page.

Term Test

Students take the term test during week 8 of each term for assessment and subsequent reporting. To take the test, click 'My Test' menu at the navigation bar and go to 'Online Test' page. Students should revise all topics in the books in the weeks leading up to the Term Test. Parents will receive the term test reports at the end of the term that shows their child's total scores and rank as well as other information about the levels of achievement against specific competencies.

Term Test Review

Students can revise the maths, thinking skills term test questions they answered incorrectly during the first week of the next school holiday period. Students are encouraged to revise all questions it provides and build up a solid foundation before their next term's studies. The menu will appear under 'Test Review' menu of the navigation bar.

My Result

All your test results including term tests, weekly vocabulary test and MR/TS Homework are available to check from the My result page under 'My Page' menu during the course period. Click on your score to get the test report. Click on the correct answer to review the question.

G.A Practice for Scholarship Test

The 'GA Practice for Scholarship Test' menu is designed for students who want to build a solid foundation for general ability skills, especially for the preparation of the AAS, ACER or Edutest private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. The course covers both verbal and non-verbal reasoning skill and each section is categorised into a comprehensive number of question types. By taking this course, students can study of almost all possible question types and complete a variety of practical, challenging and mind-stimulating questions. Students currently taking our regular term course in NSW can take this course for free until the next term begins.

Reading 310 Test

The 'Reading 310' menu is designed for Years 3 to 6 students to help them enhance their reading comprehension skills for the preparation of selection tests like OC, selective school placement and private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. Each test contains a comprehensive number of reading questions covering inference skills for reading with short passage, true/false, gapped texts etc. Students can log in to Cyberschool and attempt up to 10 tests during the term. By completing this course, students will be able to complete a thorough study of important question types and complete a variety of challenging reading skill questions.
