## Introducing Year 6 Term 2 6+ Course

The transition from primary school into high school is an exciting yet important step!

Year 6 students are about to start a new phase of their academic achievement that will be challenged by the depth and breadth of a whole range of subjects.

The 6+ Course will assist students to build foundation skills and help them settle into their new academic environment as quickly and smoothly as possible.

In this way, they can feel more confident and enjoy their time in high school from the very start with advantages they gain from the course.

- **Additional 1.02% surcharge** will apply to all credit card payments. We only accept VISA and Master Card.

## Guide to Cyberschool Services

Cyberschool is a special e-learning website hosted by Pre-Uni New College. It provides the extensive educational services to help students revise their entire work during the course period. Please utilise all available services it provides and maximise the learning outcome. Services vary depending on the course and each service is open for the specific period.

### Module Answers

Each week's EM module answers are uploaded on Saturday and available until the last day of the next school holiday. You can find them under **'Material'** menu at the top navigation bar. Please use the module answers after you made the first attempt to finish your homework module questions.

### Video Lessons

Every question in the main EM textbook is explained audibly in the video lessons. Click **'Video Lesson'** menu at the top navigation bar and watch the lessons to review recent modules and reinforce concepts. Please note that each video lesson is available for the next three (3) weeks after it is uploaded on Saturday.

### S.O.Q

The S.O.Q (Special Online Quiz) is a series of quiz to measure students' understanding of the module topics taught. You can find the S.O.Q under **'My Test'** menu at the top navigation bar. Four (4) quizzes open in Week 2, 4, 6 and 8 of the term. Each subject contains 10 questions, so it shouldn't take too much time. If you feel confident about the module contents, it's a good idea to impose a time limit (1 minute per question) when completing the quizzes.

### Vocabulary Test

Cyberschool is offering the weekly vocabulary tests during the term. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Building a strong vocabulary is critical as it improves all areas of communication. Students with high vocabulary skills tend to have high comprehension scores in English and thinking skills tests.

### Maths Homework

Year 6 students can access the Mathematics homework questions on a weekly basis. You can find them from 'Online Test' menu under **'My Test'** in the navigation bar. Please complete all available practice questions by the end of the term.

## Term Test

Students take the term test during week 8 of each term for assessment and subsequent reporting. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Students should revise all topics in the books in the weeks leading up to the Term Test. Parents will receive the term test reports at the end of the term that shows their child's total scores and rank as well as other information about the levels of achievement against specific competencies.

## Term Test Review

Year 6 students can revise the maths term test questions they answered incorrectly during the first week of the next school holiday period. Students are encouraged to revise all questions it provides and build up a solid foundation before their next term's studies. The menu will appear under **'Test Review'** menu of the navigation bar.

## My Result

All your test results including term tests and weekly vocabulary test are available to check from the My result page under **'My Page'** menu during the course period. Click on your score to get the test report. Click on the correct answer to review the question.

## G.A Practice for Scholarship Test

The 'GA Practice for Scholarship Test' menu is designed for students who want to build a solid foundation for general ability skills, especially for the preparation of the AAS, ACER or Edutest private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. The course covers both verbal and non-verbal reasoning skill and each section is categorised into a comprehensive number of question types. By taking this course, students can study of almost all possible question types and complete a variety of practical, challenging and mind-stimulating questions. Students currently taking our regular term course in NSW can take this course for free until the next term begins.

## Reading 310 Test

The 'Reading 310' menu is designed for Years 3 to 6 students to help them enhance their reading comprehension skills for the preparation of selection tests like OC, selective school placement and private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. Each test contains a comprehensive number of reading questions covering inference skills for reading with short passage, true/false, gapped texts etc. Students can log in to Cyberschool and attempt up to 10 tests during the term. By completing this course, students will be able to complete a thorough study of important question types and complete a variety of challenging reading skill questions.
