Year 1 Term 3 course will commence on **Saturday, 16th July 2022.**

Year 1 EMG course is structured to accommodate the academic standards expected of Year 1 students in Term 3 at Pre-Uni New College. By attending our EMG course, students will reinforce the foundations of their learning and get ahead of their peers.

In addition to having the advantage of getting ahead, students will put focus on improving their general ability as well as reading comprehension and numeracy skills for their future assessments.

Please check out the Term 3 course timetable below.

Year 1 Term 3 Course Timetable

EMG Session	Class Time	Class Location
Saturday MC	8:45am – 12:15pm	The McDonald College
Saturday AC	12:45pm – 4:15pm	
Friday	4:30pm – 8:00pm	Strathfield Head Office

- Due to the limited capacity in each class, attending another class to make up the missed class will not be allowed.
- The class location may be subject to change depending on the number of available classrooms.
- Please make sure your Cyberschool account is ready for its online services including video lessons, module answers, weekly vocab tests, S.O.Q etc.
- All class activities will be in line with NSW Health guidelines as applicable and follow good hygiene practices including strict drop off & pick up procedures, limitation of class size, regular handwashing and continued on-site cleaning and sensitisation.
- PLEASE NOTE:** If there is a situation where we're required to cease face-to-face class learning operations due to public health orders and restrictions, the lessons will be delivered online. The course fee and timetable will remain the same, and students will take the course at home via Zoom and Cyberschool.

Don't have your Cyberschool account yet?

Go to Cyberschool website and register for its services including video lessons, module answers, weekly HW tests, S.O.Q & term test review and more.

Year 1 EMG Course

Year 1 EMG course will require a significant commitment of module work each week due to the nature of the advanced curriculum.

English lesson will focus on reading skills and practising spelling, vocabulary, comprehension and sentence writing skills. Mathematics lesson will be involved with various maths topics to make them understand mathematical theories and principles. General Ability lesson will cover basic concepts of verbal reasoning skills.

The course will be delivered in both way - 'Standard EMG course' in a normal face-to-face learning and online '**Cyber EMG course**' using the **Cyberschool services only**. Students can choose the course option according to their needs and learning style.

COVID-19 ADVICE FOR PARENTS & STUDENTS

- ✓ Parents are not allowed to enter the building unless they made a prior booking.
- ✓ Parents must wear their face mask when entering the building.
- ✓ Parents must drop off & pick up their children outside the building.
- ✓ Parents must continue to follow social distancing rules.
- ✓ Students wear their face mask inside the building.
- ✓ If you feel unwell or have any COVID symptoms, do not attend the class.
- ✓ Students must not share stationary, food, drinks, and water with other students.

Guide to Cyberschool Services

Cyberschool is a special e-learning website hosted by Pre-uni New College. It provides the extensive educational services to help students revise their entire work during the course period. Please utilise all available services it provides and maximise the learning outcome. Services vary depending on the course and each service is open for the specific period.

Module Answers

Each week's EMG module answers are uploaded on Saturday and available until the last day of the next school holiday. You can find them under **'Material'** menu at the top navigation bar. Please use the module answers after you made the first attempt to finish your homework module questions.

Video Lessons

Every question in the main EMG textbook is explained audibly in the video lessons. Click **'Video Lesson'** menu at the top navigation bar and watch the lessons to review recent modules and reinforce concepts. Please note that each video lesson is available for the next three (3) weeks after it is uploaded on Saturday.

S.O.Q

The S.O.Q (Special Online Quiz) is a series of quiz to measure students' understanding of the module topics taught. You can find the S.O.Q under **'My Test'** menu at the top navigation bar. Four (4) quizzes open in Week 2, 4, 6 and 8 of the term. Each subject contains 10 questions, so it shouldn't take too much time. If you feel confident about the module contents, it's a good idea to impose a time limit (1 minute per question) when completing the quizzes.

Vocabulary Test

Cyberschool is offering the weekly vocabulary tests during the term. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Building a strong vocabulary is critical as it improves all areas of communication. Students with high vocabulary skills tend to have high comprehension scores in English and thinking skills tests.

Term Test

Students take the term test during week 8 of each term for assessment and subsequent reporting. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Students should revise all topics in the books in the weeks leading up to the Term Test. Parents will receive the term test reports at the end of the term that shows their child's total scores and rank as well as other information about the levels of achievement against specific competencies.

Term Test Review

Year 1 students can revise the maths and general ability term test questions they answered incorrectly during the first week of the next school holiday period. Students are encouraged to revise all questions it provides and build up a solid foundation before their next term's studies. The menu will appear under **'Test Review'** menu of the navigation bar.

My Result

All your test results including term tests and weekly vocabulary test are available to check from the My result page under **'My Page'** menu during the course period. Click on your score to get the test report. Click on the correct answer to review the question.

G.A Practice for Scholarship Test

The 'GA Practice for Scholarship Test' menu is designed for students who want to build a solid foundation for general ability skills, especially for the preparation of the AAS, ACER or Edutest private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. The course covers both verbal and non-verbal reasoning skill and each section is categorised into a comprehensive number of question types. By taking this course, students can study of almost all possible question types and complete a variety of practical, challenging and mind-stimulating questions. Students currently taking our regular term course in NSW can take this course for free until the next term begins.
