Year 6 Term 3 Course (16 July ~ 24 September)

Year 6 students are about to start a new phase of their academic achievement that will be challenged by the depth and breadth of a whole range of Year 7 subjects.

Term 3 will be the last term for their 6+ course.

After successful completion of the 6+ course, they will be able to commence Term 4 Year 7 courses with far more confidence.

Term 3 6+ course will mainly focus on building a foundation in stage 4 literacy and numeracy skills to make them settle into their new academic environment as quickly as possible.

PLEASE NOTE THAT FROM TERM 3

Year 6 Thursday and Friday 6+ classes will be held at our Strathfield Centre (Level 1, 8 Lyons Street, Strathfield).

Year 6 Term 3 Course Timetable

6+ Session	Class Time	Class Location
Saturday AM	8:45am - 12:55pm	Strathfield Head Office
Saturday PM	1:30pm - 5:40pm	Strathfield Head Office

Term 3 6+ Course Outlines

6+ English (Reading, Writing, Viewing and Speaking)

The objectives of English are to equip students with the necessary tools to become competent in reading and analysing various types of texts so that they can translate analytical skills into writing coherent essays and extended responses in a variety of text types. These skills are essential in English, as well as subjects such as Science, Geography, History, Commerce, PDHPE, Drama and Visual Arts.

Key topics to be addressed in term 3:

- Objective/Persuasive Reviews/Poetry: Introduction
- Analysing and Reviewing Short Stories
- Analysing and Composing Reports
- Public Speaking and Exploring Myths and Legends
- Persuasive Language and Expanding Formal Speaking Skills
- Advanced Poetry
- Understanding the Elements of Drama
- Feature Articles and Presenting Effectively
- Dialogue
- Advertisements and Presenting Effectively
- Narrative – Extension
- The Power of Persuasion

6+ Mathematics

The maths lesson is designed to provide students with a variety of problem-solving skills by reviewing Year 6 and previewing Year 7 contents. This course entails a wide range of activities to enhance the students' understanding of the basic concepts of maths.

Key topics to be addressed in term 3:

- Number Patterns and Algebra
- Geometry (angles)
- Circle cylinders, cones and sphere
- Similarity of Shapes and Solids
- Pythagoras Triangles relationship
- Data and statistics
- Probability
- Inequality
- Algebraic Techniques
- Extension problems

By the end of this course, students will:

- *Become familiar with high school English, Maths and basic study skills*
- *Maintain academic progress during the transition from Year 6 to Year 7*
- *Gain confidence and build foundations for future high school achievement.*

Guide to Cyberschool Services

Cyberschool is a special e-learning website hosted by Pre-Uni New College. It provides the extensive educational services to help students revise their entire work during the course period. Please utilise all available services it provides and maximise the learning outcome. Services vary depending on the course and each service is open for the specific period.

Module Answers

Each week's EM module answers are uploaded on Saturday and available until the last day of the next school holiday. You can find them under **'Material'** menu at the top navigation bar. Please use the module answers after you made the first attempt to finish your homework module questions.

Video Lessons

Every question in the main EM textbook is explained audibly in the video lessons. Click **'Video Lesson'** menu at the top navigation bar and watch the lessons to review recent modules and reinforce concepts. Please note that each video lesson is available for the next three (3) weeks after it is uploaded on Saturday.

S.O.Q

The S.O.Q (Special Online Quiz) is a series of quiz to measure students' understanding of the module topics taught. You can find the S.O.Q under **'My Test'** menu at the top navigation bar. Four (4) quizzes open in Week 2, 4, 6 and 8 of the term. Each subject contains 10 questions, so it shouldn't take too much time. If you feel confident about the module contents, it's a good idea to impose a time limit (1 minute per question) when completing the quizzes.

Vocabulary Test

Cyberschool is offering the weekly vocabulary tests during the term. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Building a strong vocabulary is critical as it improves all areas of communication. Students with high vocabulary skills tend to have high comprehension scores in English and thinking skills tests.

Maths Homework

Year 6 students can access the Mathematics homework questions on a weekly basis. You can find them from 'Online Test' menu under **'My Test'** in the navigation bar. Please complete all available practice questions by the end of the term.

Term Test

Students take the term test during week 8 of each term for assessment and subsequent reporting. To take the test, click **'My Test'** menu at the navigation bar and go to 'Online Test' page. Students should revise all topics in the books in the weeks leading up to the Term Test. Parents will receive the term test reports at the end of the term that shows their child's total scores and rank as well as other information about the levels of achievement against specific competencies.

Term Test Review

Year 6 students can revise the maths term test questions they answered incorrectly during the first week of the next school holiday period. Students are encouraged to revise all questions it provides and build up a solid foundation before their next term's studies. The menu will appear under **'Test Review'** menu of the navigation bar.

My Result

All your test results including term tests and weekly vocabulary test are available to check from the My result page under **'My Page'** menu during the course period. Click on your score to get the test report. Click on the correct answer to review the question.

G.A Practice for Scholarship Test

The 'GA Practice for Scholarship Test' menu is designed for students who want to build a solid foundation for general ability skills, especially for the preparation of the AAS, ACER or Edutest private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. The course covers both verbal and non-verbal reasoning skill and each section is categorised into a comprehensive number of question types. By taking this course, students can study of almost all possible question types and complete a variety of practical, challenging and mind-stimulating questions. Students currently taking our regular term course in NSW can take this course for free until the next term begins.

Reading 310 Test

The 'Reading 310' menu is designed for Years 3 to 6 students to help them enhance their reading comprehension skills for the preparation of selection tests like OC, selective school placement and private school scholarship tests. You can access it from **'My Test'** menu at the navigation bar. Each test contains a comprehensive number of reading questions covering inference skills for reading with short passage, true/false, gapped texts etc. Students can log in to Cyberschool and attempt up to 10 tests during the term. By completing this course, students will be able to complete a thorough study of important question types and complete a variety of challenging reading skill questions.
